## TEXLABELS (P) LTD.

### ABOUT US

*Interact Texlabels (P) Ltd. is a ISO 9001:2015 certified premier manufacturer & star status holder exporter of Self Adhesive Labels in roll form and has significant expertise in the sector with proven capabilities.*

*Interact Texlabels (P) Ltd. is a privately held Indian company, established on 3rd March, 2010 and is being promoted by Mr. Anurag Mohan, Managing Director, with sole vision to take it's customers to an unprecedented level of satisfaction by providing consistent & un-parallel quality material at most competitive prices.*

*Interact Texlabels (P) Ltd. is one of the leading Label manufacturing companies in India which manufactures top quality Pressure Sensitive Self Adhesive Labels in various forms viz. Bar Code Labels, Printed Product Labels, Security Labels, Thermal Labels, Printed Packaging Labels & Stickers, Tamper Evident Labels, Garment Layer Numbering Labels & Stickers, Product Printed Labels & Stickers for Pharma, FMCG, Durables, Automobile, Food & Beverages, Airline, Postal Dept. etc. to perform to its customer's precise requirements. We carry with us the wealth of over a decade of experience while catering to the needs of clients in the domestic as well as the export market with special thrust in Bangladesh, Sri Lanka, Middle East & African countries.*

*The backbone of Interact Texlabels (P) Ltd. is the manufacturing facility located in Kolkata, India, with capacity and flexibility to produce wide range of grades with stringent quality checks and packaging of international standards. We are equipped with the latest label printing machineries & equipment that produces high quality products with reduced lead time. The Company is committed to manufacture product of pre-eminent quality that satisfy customers' needs consistently by way of strict conformance to specification, upgradation of technology, on-time delivery and reviewing of the existing system to achieve continual improvement of the Quality management system.*

*With the help of our state-of-the-art infrastructural unit, we have been able to provide a high quality range of products. It is divided into different sub-units like procurement, designing, printing, quality testing, warehousing & packaging, R&D and sales & marketing. This infrastructure unit helps us to design these products as per client's needs.*

*ITPL's quest for quality and performance has not gone unrecognised. It is the proud recipient of ISO 9001:2015 certification in manufacturing and export of Self Adhesive Labels, since it's inception. It's also the recipient of Star Status holder from Jt. Director General of Foreign Trade of India for it's export performances.*

We offer Multi Coloured, UV or laminate, paper or film based product labels. We not only produce a great product, but it's also done at a great price. If we are printing the labels for you, we will use the right technology for the job, including label converting, multi colour flexo printing, lamination, foiling, embossing based printing techniques. The labels offered, stands out from contemporary other labels because of high-quality materials, thin foil lamination, specialised adhesives and selected printing inks. The labels come with numerous benefits for industrial clients for their versatility, low application cost and range of face stocks and adhesives.
